

**END USER LICENSE AGREEMENT PANDA ANTIVIRUS 2007 / PANDA
ANTIVIRUS + FIREWALL 2007 / PANDA INTERNET SECURITY 2007**

Please read the following license agreement carefully before using this program. By accepting the agreement, you are agreeing to become the licensee and expressing your complete acceptance of all the terms and conditions of this license agreement. If you do not accept the terms of the agreement, do not install the program. Similarly, use of the program implies your acceptance to be bound by the terms and conditions of this license agreement.

This license agreement represents the entire agreement between the licensee and PANDA SOFTWARE INTERNATIONAL (hereinafter PANDA SOFTWARE). This license agreement supersedes any prior license agreements between the licensee and PANDA SOFTWARE with respect to this product or the product it replaces. Similarly, and where permissible under applicable legislation, the terms and conditions of the present license agreement shall take precedence over any communication or advertising material in the event that such material contradicts any of said terms and conditions or where such material predates this license agreement.

The acceptance of the terms and conditions of this agreement does not confer any rights of ownership over the programs or products belonging to PANDA SOFTWARE or its software suppliers.

1.- LICENSE GRANT.- PANDA SOFTWARE grants the licensee the non-exclusive and non-transferable perpetual right to use the program under the terms and conditions established in the present End User License Agreement.

Without prejudice to the above, the licensee will only be entitled to use the services associated with the program during the period for which he/she has contracted such services.

In the case of evaluation versions, the licensee may only use this version for the period indicated by PANDA SOFTWARE. Written permission must be granted by PANDA SOFTWARE in order to extend this period. Clause Six of this agreement does not apply to evaluation versions.

In the case of subscription versions, if the monthly or periodic subscription fees are not paid, or when the subscription period has expired, the licensee will lose the right to access the services associated with the program.

This license agreement grants the licensee the right to use the program in as many computers as licenses bought.

In network environments, licenses must be acquired for a maximum number of computers connected to the server or maximum number of users connected to the server. The number of users or computers connected to the server must not exceed the number of licenses contracted, as specified in the License Certificate of this program (where provided).

In the case of computers not connected to a network, licenses must be acquired for each computer on which the licensee is to install the program. The number of computers with the program installed must not exceed the number of licenses specified in the License Certificate of this program (where provided).

In both the above cases, the license is only applicable to the program contracted, as specified in the License Certificate (if the program includes this certificate).

2.- INTELLECTUAL PROPERTY.- This program, as well as any corresponding documentation or information, is the exclusive property of Panda Software and/or its suppliers of software. Panda Software or its suppliers of software own all intellectual property rights and copyrights pertaining to the programs, documentation or any other product given to the licensee as part of this agreement.

PANDA SOFTWARE authorizes the use of its products in comparative reviews provided that these are objective and carried out in good faith and in accordance with accepted or customary industry practices. These reviews may only be carried out using the latest versions of the products concerned.

3.- BACKUP COPY. This license agreement authorizes the creation of only one backup copy of the contents of the CD-ROM or files downloaded from the Internet, provided that such copy contains all software property rights notices.

4.- MODIFICATIONS TO PRODUCTS AND SERVICES.- The licensee acknowledges and accepts that during the contracted period and in order that PANDA SOFTWARE products adapt to technological advances and improve accordingly, PANDA SOFTWARE may cease to develop the product contracted by the licensee in favor of others. In such circumstances, the licensee may choose another product in accordance with PANDA SOFTWARE's product migration policy. In this event, the licensee agrees to accept the conditions of such policy and adapt his/or computer accordingly should it be necessary. Migration to the new product may or not be free of charge depending on the resources that PANDA SOFTWARE has dedicated to the research and development of the new products and the extent to which the products differ.

The licensee also accepts that during the contracted period, PANDA SOFTWARE may change or modify the services in order to adapt to the aforementioned technological advances.

The licensee agrees to accept these changes without demanding any compensation whatsoever. PANDA SOFTWARE will notify the licensee of any such changes.

Likewise, when the contracted period has elapsed, in cases of product and service renewal, the licensee is aware that the services and characteristics of the program may have been modified to adapt to technological advances and that therefore he/she would have to change to a new product or version according to the policy established by PANDA SOFTWARE.

If the licensee changes to a new version or new PANDA SOFTWARE product to update a previous PANDA SOFTWARE product version, the updated version or

product is the only one the licensee has the right to use, accepting exclusively the terms and conditions applicable to all documentation, material and specifications corresponding to the new version or product. The licensee is obliged in such cases to delete any material corresponding to the previous version.

By accepting this license agreement, the licensee accepts all such modifications to the services and characteristics of the program. Please check all such modifications before accepting this license agreement.

The licensee accepts that PANDA SOFTWARE may provide automatically downloaded updates or other additions to the software.

5.- DATA COLLECTION TECHNOLOGY.- PANDA SOFTWARE informs the licensee that in certain products it may use data collection technology to collect technical information to improve the products, to provide associated services, to adapt them to user preferences and to prevent the unlicensed or illegal use of the product. The licensee accepts that PANDA SOFTWARE may use such information as part of the services provided in relation to the product, and that he/she may receive marketing information. The licensee acknowledges and accepts that PANDA SOFTWARE may provide updates or additions to the software which automatically download to his/her computer.

6.- LIMITED WARRANTY. PANDA SOFTWARE guarantees that the program will fulfil its principal designed functions in accordance with the written material and/or the Help file that accompany the product for ninety days (90) from the date of receipt against any manufacturing or operating defect without prejudice to any applicable consumer protection legislation. During this period, and only if the licensee has activated the services, PANDA SOFTWARE will offer the following guarantees:

- A) PANDA SOFTWARE guarantees the licensee the repair or substitution of any defective optical media that do not permit the program to work, as well as any defective printed material. This guarantee also applies to files downloaded from the Internet if the program was supplied by this means. Should defective optical media or printed material need to be substituted, the licensee must submit them to PANDA SOFTWARE. In no case will there be a substitution without the previous return by the licensee of the original printed material or optical media. This last requisite will not apply where the program was supplied via the Internet.
- B) PANDA SOFTWARE guarantees that the licensed program will fulfil its principal designed purposes and commits itself to solve the problems that affect its performance to this effect, with the means and in the time PANDA SOFTWARE considers appropriate in accordance with its own criteria. PANDA SOFTWARE will not be responsible for defects that external technical equipment might cause to the performance of the licensed software.

7.- DISCLAIMER.- This warranty does not cover lost, stolen or accidentally damaged material, or material improperly used or modified without authorization or which is faulty due to causes attributable to third-parties other than PANDA SOFTWARE.

PANDA SOFTWARE will not be held responsible by any person or entity regarding any damage or loss allegedly caused by the use or inability to use the program, either directly or indirectly, including (but not limited to) business interruptions, monetary loss or loss of anticipated income as a result of the use of the program.

The program is provided as is, and no claims will be accepted concerning failure to fulfill presumed functions. PANDA SOFTWARE does not guarantee that the program is error free, nor that it will function without interruption. The licensee knows and accepts, under his/her own responsibility, that due to the modifications that viruses cause in files they infect, it is possible that the disinfection process could produce unforeseen changes to these files.

The licensee is responsible for the use of the program by others. The licensee accepts responsibility for any losses and/or damages and costs arising from any incompatibility between this program or updates thereof and any third-party software that the licensee has installed on his/her computer as well as any other problems that may arise due to the interaction between both programs, or for code strings that coincide.

Under no circumstances will PANDA SOFTWARE be liable for damages greater than the fee paid by the licensee for the program, regardless of whether the licensee has informed PANDA SOFTWARE of the possibility of such damages.

The validity of the guarantees and liabilities established herein is subordinate to the legislation applicable in the corresponding state or jurisdiction.

8.- HIGH RISK ENVIRONMENTS.- This program has not been designed for and is not intended for use in hazardous environments requiring fail-safe (fault-tolerant) performance such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons or defense systems, life support systems or any other context in which the failure of any software could lead directly to death, personal injury or severe damage to property or the environment. PANDA SOFTWARE specifically disclaims any express or implicit guarantee of the program's suitability for these types of activities.

9- EXPORT RESTRICTIONS.- The licensee acknowledges and accepts that the program or any part thereof is subject to U.S. export control laws and hence the licensee is bound to abide by such legislation and any other applicable international export regulations.

The licensee acknowledges and accepts that the program may not be exported or re-exported, either wholly or in part, to any country, person or organization subject to restrictions under U.S. export control laws or any other applicable international export regulations, unless the licensee is in possession of the corresponding valid export licenses.

The licensee shall defend, indemnify and hold PANDA SOFTWARE harmless in the event of any claim resulting from the licensee's failure to comply with export regulation.

10.- OTHER RESTRICTIONS. This program is available on CD-ROM or in some cases via the Internet. The program may only be used on the licensee's own computer(s). It may not be used on computers that are not the property of the licensee, nor may it be lent, rented, leased, given away, donated or transferred to another user.

The licensee may not transfer the rights granted by means of this license agreement. It is not permitted to decompile, reverse-engineer or disassemble wholly or partially this program.

The licensee may not make any alterations, either wholly or partially, to the software, services and/or any other documentation or material included with the product.

11.- JURISDICTION.- The present agreement is governed by Spanish law and in the event of any doubt or disagreement about its interpretation or effects, the only competent authority will be the Bilbao Courts of Justice. Both parties expressly renounce any other jurisdiction that may correspond to them.

12.- GENERAL- The licensee authorizes PANDA SOFTWARE personnel to visit him/her in order to verify that the conditions of this license are met.

The licensee knows and accepts that PANDA SOFTWARE may take legal proceedings should the licensee not adhere to this agreement. PANDA SOFTWARE reserves the right to terminate the present license agreement automatically without prior notice should the licensee fail to comply with any of the terms and conditions of the present agreement.

If any provision in this agreement is against the law, that provision will be considered void, without affecting the totality of the agreement or implying that the agreement is void.

PANDA SOFTWARE expressly reserves all other rights it may have and that are not herein granted to the licensee.

SPECIFIC CLAUSES FOR FREE SOFTWARE AND THIRD PARTY SOFTWARE

This licensed software may include software programs that are licensed (or sub-licensed) to the user under free software licenses or other types of licenses. The texts containing said conditions are available to the licensee in the product installation folder.
