One step ahead.

## Cómo instalar Panda AdminSecure en Windows Server 2008

El objetivo de este documento es mostrar gráficamente cómo realizar la instalación de Panda AdminSecure (versión 4.05 o posteriores) en Windows Server 2008.

## Pasos anteriores a la instalación de Panda AdminSecure

 Desactive el Control de Cuentas de Usuarios (UAC, por sus siglas en inglés). Para ello, abra el Panel de control de Windows y seleccione Cuentas de usuario. No reinicie el servidor en este momento.

 Desactive Prevención de ejecución de datos (DEP). Para ello, acceda a las Propiedades del sistema, haga clic en Opciones avanzadas y en la Configuración del Rendimiento, seleccione la opción Activar DET sólo para los programas y servicios de Windows esenciales.

3. Instale SQL Express 2005.

Puede descargarlo desde el sitio Web de **Microsoft**. En algunos casos también es necesario instalar **.NET FrameWork 2.0**. **Nota**: Antes de instalar SQL Express 2008, consulte primero la <u>ayuda sobre los</u> <u>requisitos de instalación de AdminSecure</u>.

4. Siga las instrucciones del asistente de instalación, tal y como se muestra en las siguientes capturas de pantalla:

MICROSOFT SOFTWARE LICENSE TERMS         MICROSOFT SQL SERVER 2005 EXPRESS EDITION SERVICE         PACK 2         These license terms are an agreement between         Microsoft Corporation (or based on where you         live, one of its affiliates) and you. Please         read them. They apply to the software named         above, which includes the media on which you         received it, if any. The terms also apply to any         Nicrosoft         • updates.         • supplements.         • Internet-based services, and         • support services         V         Print         Next>	ecyce on	End User License Agreement
Print Next> Cancel		MICROSOFT SOFTWARE LICENSE TERMS MICROSOFT SOL SERVER 2005 EXPRESS EDITION SERVICE PACK 2 These license terms are an agreement between Micromoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the software named above, which includes the wedia on which you received it, if any. The terms also apply to any Microsoft • updates. • supplements, • Internet-based services, and • support services
I Nexts Cancel		I accept the licensing terms and conditions

Installing Prerequisites Installs software components required prior to installing SQL Server.
SQL Server Component Update will install the following components required for SQL Server Setup: Microsoft SQL Native Client Microsoft SQL Server 2005 Setup Support Files Click Install to continue.

## Pasos para instalar Panda AdminSecure

- 1. Ejecute el archivo de instalación de Panda AdminSecure. El asistente extraerá los archivos de instalación a la carpeta especificada.
- 2. Continúe con la instalación. Comprobará que no es posible realizar una instalación estándar.
- 3. Siga el asistente para una instalación personalizada, seleccionando la base de datos de SQL Express instalada previamente. Se recomienda desactivar el uso de los Perfiles de Usuarios.
